PSAC Members at the University of Saskatchewan Collective Bargaining Update

Your bargaining team met the employer for another two days last week and there continues to be decent progress through the beginning of negotiations.

We have continued to bargain the foundational language on your agreement. We are getting close to completing negotiations of these basic articles. Over the past few days, we have finalized language that offers strong protections from discrimination and harassment. We are also getting very close to concluding language on discipline and on a process to resolve workplace disputes through grievances.

Due to her convocation and moving on to a new job opportunity, Marianne Possberg has moved on from the bargaining team. Laura Larsen has joined us and we are very happy to have her knowledge and abilities complement our existing team.

We will be back at the table in late May. At that time, we will be tabling language on many of our important issues such as a fair process for appointments and job posting, protection from excessive hours of work, and evaluations.

We will need your support through this process. Stay informed and please contact your bargaining team if you have any questions or concerns. Our Local's email is usask.age@gmail.com

Your bargaining team:

Dana Carriere

Seth Dueck

Ali Kiani

Laura Larsen

Isaac Pratt

Seth Sazant, PSAC negotiator
