PSAC Members at the University of Saskatchewan Collective Bargaining Update: No response from the University on Monetary Issues

Your bargaining team met with the employer this past week and had a frustrating time.

After tabling our monetary proposals back in November, we were expecting to get a counter proposal from the employer. Instead, we were told that they still weren't ready to table anything for us.

We had some discussion about leaves and other issues, but we were left with nothing to work with on wages, benefits or other financial issues. We will be back at the table again in early February and expect to get a full response from the employer on our monetary proposals at that time.

We will need your support through this process. Please stay informed and contact your bargaining team if you have any questions or concerns. Our Local's email is usask.age@gmail.com

Your bargaining team:
